Key

Fall activity to complete by yourself OR with a friend

Complete as a family

reading activity

Directions:

Print out all game pages. Pick your game piece and cut out. Glue to a clothespin. Hang game board on fridge or wall. Attach clothespin to game board. As you complete each activity, move your clothespin to the next space. Everyone must do the family activities together before they can move on. Come up with a final award for finishing the game. Feel free to change food items if there are allergies.
